Friedrich Schiller Quotes (Author of Die Räuber)

Born , this innovative dramatist, poet, moral idealist, and cultural fighter for the cause of freedom became a major force in German life.

Friedrich von Schiller

What, then, can awaken the play drive? Using grace and dignity as concepts capable of bridging the divide between morality and aesthetics, Schiller in this essay grapples with a question formulated by Kant, namely how duty and inclination can combine in our assessment of moral worth. During the last few years of his life 1788—1805 , Schiller struck up a productive, if complicated, friendship with already famous and influential Johann Wolfgang Goethe, with whom he greatly discussed issues concerning aesthetics, encouraging Goethe to finish works he left merely as sketches; this thereby gave way to a period now referred to as Weimar Classicism Schiller accounts for this paradox by distinguishing between two kinds of action.

Friedrich Schiller (Stanford Encyclopedia of Philosophy)

This assertion allows Schiller to achieve his second goal of locating beauty in the object rather than only in the observing subject.

Friedrich Schiller Quotes (Author of Die Räuber)

A vicious cycle suggests that without the state there can be no morality and without morality there can be no state. If practical reason is applied to free actions, it produces moral judgments.

Friedrich Schiller

In 1763, his father was appointed as a recruiting officer at Schwäbisch Gmünd, Germany. Between 1813 and 1819, 61 songs appeared for male, female, and unspecified voices, plus the Dithyrambe Der Besuch and Hymn on the Immortal for mixed chorus.

Friedrich Schiller Poems

But against what are we to assess historical definitions of art? Childhood, Family and Educational Life Friedrich Schiller, in full Johann Christoph Friedrich von Schiller, was born on 10 November 1759, in Marbach, Württemberg, as the only son of military doctor Johann Kaspar Schiller 1733-1796 and Elisabeth Dorothea Kodweiß 1732-1802. The play premiered in Mannheim in 1782, achieved instant success, and quickly earned Schiller international fame. It can, then, convince us that the moral law is not a foreign imposition and allow us to live in harmony with its dictates.

Friedrich Schiller Poems

Many composers were inspired to set 's work to music. The self Schiller associates with autonomous personhood, independence, and form; our condition he associates with embodiment, dependence, and matter. Schiller seems to be unclear regarding whether the aesthetic state is the means to the achievement of full humanity or whether it is an end; he seems, in short, not to have answered one of his original questions, namely which must come first, a good state or good citizens Roehr 2003: 133—4; Sharpe 2005: 160.
