In the chiefdoms, burials were often elaborate. The Warden silt loams are very deep, well drained soils on terraces.

Granger Living & South Bend Living Magazines

People of the Moxos Plains of what is now eastern Bolivia built at least 1,000 miles 1,600 kilometers of causeways. Considering the pace with which we clear-cut forests in North America, including old-growth stands, the outcry over the death of one tree might even be called disproportionate.
