Special Effects and Cinematography: An Anthology

Special effects have long been used to enhance scale and place, and to suggest realities that are but imagined. And such is emphasized by the visual stimulant of seeing Munny, as the grieving husband, burying his wife within the sunset landscape of the state of Kansas. More of a tool for the director and actors, a good script will also successfully convey the mood of the work without spelling it out.

The Technique of Special Effects Cinematography Raymond Fielding 1st Printing

This is the technique I have used in the scene in which the camera enters the keyhole in my video called.

Revision: Global Film

Conclusion- Cinematography is used in both films to create atmosphere and portray different messages.

The Technique of Special Effects Cinematography Raymond Fielding 1st Printing

The ladies taking care of Delilah after the attack.

Cables, monitors, electronic scopes, image processors and more all fall into this category.

Revision: Global Film

As photographers, we look at what is being conveyed in the images themselves, and can find deeper meaning than even a simple written story of the show could provide. Visual storytelling Everyone has at least one good story. While it might define the meaning of cinematography, as would a dictionary, this does not portray the scope.
