### New Public Management and Public Management Studies

OKF is dedicated to promoting open data and open content in all their forms — including government data, publicly funded research and public domain cultural content. You are urged to visit this site; some excerpts from the detailed information are given here.

e

Government This site seeks to serve as a hub for the open government community around the world.

### Research Policy

They will be asked specifically for an assurance that the paper contains no element of data fabrication, data falsification or plagiarism including unacknowledged self-plagiarism. In addition, some labor process scholars have examined developments in public sector organizations from a work intensification perspective see Smith et al.

### The public value of E

Nonprofit The P2P Foundation is an international organization focused on studying, researching, documenting, and promoting peer-to-peer practices. Application Produced by Deltek, this site aims to support awareness and understanding of issues impacting government and government contractors. Fourthly, the NPM is based on strengthening management, directed against supposedly over mighty public sector producers.
