They all seem to be largely on the same page, too. Like Who is public enemy 1 depends on your perspective but, everything about luciferians, satanists, chicoms, etc is a total distraction and maybe even intentional disinformation. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well being granted to them by their world government.

He believes the family should be abolished, and that all children should be raised by a central authority. It then offers some policy prescriptions to overcome them, buried between the lines of unexciting and opaque writing. This will initiate an era of people and cooperation never before seen on Earth.

Kissinger and his backers want more comprehensive global government. Changes in strategy may be forthcoming as a result. Supranationalism in the New World Order argues that in the post-Cold War distribution of global power and configuration of global players, the European Union is just one among a growing number of regional regimes that are acquiring prominent roles in the process of global governance, to some extent through the operation of differentiated zones of geo-political management.
