### Ingmar Bergman hyldes på Cinemateket • POV

Nor is it established that Alma, however much she does come, with pain and longing, to identify herself with the actress, takes on Elizabeth's dilemmas, whatever these may be. Ils portent un regard cinéphile pour initier ou prolonger la découverte des œuvres cinématographiques.

### Feature Film

In any case, the abandoned 'son' if that's who he is is never seen again until the close of the film, when again, more briefly, there is a complementary montage of fragmented images, ending with the child again reaching tentatively, caressingly, towards the huge blurry blow-up of the woman's face. But the new film ventures at least as much beyond The Silence as the distance separating that film, by its emotional power and subtlety, from Bergman's entire previous work. This is repeated twice in its entirety, the first time showing Elizabeth's face as she listens, the second time Alma's face as she speaks.

### Ingmar Bergman et ses femmes... raconté par sa fille

Unlike Godard, Bergman is not an historically oriented film-maker.

### À ses 100 ans, Ingmar Bergman revisité
