Hydrogenosomes in the rumen protozoan *Dasytricha ruminantium* Schuberg .

**Purification of glycoside hydrolases from Bacteroides fragilis.**

Antimicrobial Agents and Chemotherapy 1989, 33: 264-270. A clear decrease of succinic and formic acids production occurred in cultures with EPS 7.

**[PDF] Preferential Packing of Acidic Glycosidases and Proteases into Bacteroides Outer Membrane Vesicles**

Therefore, the aim of the present work was to gain insight into B. Several proteins participating in the metabolism of different amino acids, some of which catalyze redox reactions, were underproduced in cultures of B.
