Even today, society is skeptical about the clash between the modern and the archaic in the Gulf. Since arguments of ownership of any geographical space rely heavily on historical foundations of territoriality in that geographical space, prominence has been given throughout this book to the history of emergence of states involved in these disputes and to the historical background to all disputed geographical localities covered.
Aujourd'hui cette région est non seulement pleinement entrée dans l'histoire mais elle compte bien l'écrire à son tour.

Dans cette partie du globe marquée par un environnement géopolitique instable et confrontée à de nombreux défis, un mouvement mûrement réfléchi de diversification économique, amorcé dans les années 1980, s'accélère dans l'optique de réussir l'après-pétrole et faire de la région un des moteurs de l'économie mondiale. This study concentrates on territoriality and boundary differences of the maritime areas, where two major areas of differences need to be studied in more detail: the Iran-UAE differences on the ownership of three islands and the Qatar-Bahrain differences on a number of islands and shoals.
