## CCHE

Miss Mayo, with a general note! Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you. After that time they rapidly became popular, especially through Victor Cousin.

## 22. Observation and Industrial Training in Education · A Student's History of Education

The Swiss were compelled to take sides with one or the other of the contending powers. This plan was not fully realized until 1808, when he secured the enthusiastic Jacob Wehrli as an assistant. Henry Pestalozzi was born on the 12th of January, 1746, at Zurich, a town situated in the German part of Switzerland, on the lovely shore of a lake of the same name.

### Pestalozzi: his life, work, and influence : Krüsi, Hermann, 1817

A representative was sent from Prussia to Burgdorf to report upon the new system in 1803. Back in education During the last decades of the 18th century he produced an extensive amount of writings.

### Johann Pestalozzi (1746)

He then worked in different schools and made a name for himself thanks to the results of his educational methods.

### Full text of his life, work, and

Eight ministers were present at the service held in the church. The proposition was accepted, and a school opened. He found the proper relation of pupil and teacher to exist in sympathy and friendship, or, as he states it, in 'love.'

### Johann Heinrich Pestalozzi: Biography, Methodology and Most Relevant Contributions

Pestalozzi described such a detailed methodology both for child development and for the study of the child that a definite system of teacher training

evolved also.

## **22. Observation and Industrial Training in Education · A Student's History of Education**

Pestalozzi wished to have the students learn by a hands-on approach, this means that given tools and a simple overview of what they will accomplish, students should be able to go out and gather information to come up with answers of their own.
