## Moral Virtues Between Aristotle And St. Thomas Aquinas

Epilogue Aquinas and Aristotle both recognize that virtue is not its own reward and has little meaning apart from an ultimate goal. Infused Moral Virtues Besides the theological virtues of faith, hope and charity, St. Marriage has two goals or ends: giving birth to and raising children to pursue their own fulfilment , and fides meaning faithfulness, love, life-partnership, and interpersonal unification.

Theology is structured around the truths of salvation and beatitude, having a pedagogical purpose. Among the infused virtues, however, some are concerned directly with God and operate in a field in which the unaided reason cannot work; they are called theological.

## Paul Ramsey's Christian Deontology

There are a host of subsidiary virtues that fall under temperance because they serve to modify the most insatiable human passions.
