## 2j. Working with Drug Enforcement Administration (DEA) materials

With the exception of expulsion, sanctions may be accompanied by an accountability action plan. After the completion of research study involving controlled substances, the faculty researcher must surrender unused controlled substances for proper disposal through the. In addition, the possession of controlled substances or other drugs in such quantities as to create a presumption of possession with the intent to distribute on or off campus is a serious violation that may result in immediate suspension or expulsion.

### Controlled Substances

The Office of Animal Resources OAR monitor will also review the use of controlled substances during OAR audits. No other alcohol is permitted at the event.

### Introduction

Whom do I contact for questions related to the use of controlled substances? DEA has that are to be used for this purpose. If there is an exchange from a person over twenty-one years of age to a person under twenty-one, and the older person is at least two years older than the younger person, and the older person knows that the younger person is under twenty-one years of age, then the offense is classified as a felony. Faculty and research staff can also contact the IBPE or DEA field offices in Des Moines.

## 2j. Working with Drug Enforcement Administration (DEA) materials

Hosts and servers must not have consumed alcohol or other drugs prior to or during the event or their shift as a server.

### Manuals

In addition, the improper use of prescription drugs is a serious problem on college campuses.

### Manuals

These factors are listed in of the CSA as follows: 1 Its actual or relative potential for abuse. How do I get started if my research requires registration? Student organizations that unlawfully furnish alcoholic beverages to students who are not of legal drinking age, may also be held responsible for personal injuries or property damages resulting from misconduct committed by underage, intoxicated students.

### **Controlled Substances Handbook**

Low to moderate levels of alcohol may also increase the incidence of impulsive actions potentially contributing to negative social and academic consequences. Illegal Non-prescribed Drugs: Marijuana: Marijuana can produce an altered sense of reality, poor coordination of movement, lowered reaction time, and study difficulties due to the reduced ability to learn and retain information.

### **Controlled Substances Handbook**

Those listed below are some of the most frequently misused, and can lead to dependence. All alcohol must be checked with a third-party licensed bartender responsible for the distribution of the beverages throughout the event. They produce a high or euphoria.
