The Victorian empire and Britain's maritime world, 1837

The oceans offered much more than fascination.

Empire, The Sea and Global History

The history of empire, as these volumes amply demonstrate, needs to be drawn on the much broader canvas of global history. £35-50 guineas in the mid 18thC, and organs were very expensive.

Helen Berry, The Castrato and his Wife Oxford, 2011. They were originally delivered as lectures in a series jointly sponsored by the Institute of Historical Research and by the Centre for Imperial and Maritime Studies at the National Maritime Museum.

Empire, The Sea and Global History: Britain's Maritime World, 1763

Decentring Empire brings together thirteen original essays by some of the leading scholars of British imperialism, their contributions offered in honour of Thomas R. The book is attached to a six - part BBC television series by the same author giving an upbeat slant to the history of empire. It seems that at some level the ground-breaking critical works of an erudite scholar like John Darwin have been ineffective in countering self-assured Euro-centric teleologies, both among historians and in popular discourse.

Organs were only just being replaced in the churches from the mid eighteenth century onwards, after their removal during the Commonwealth a hundred years prior. Rich connections between popular and elite musical culture during the early modern period continued, although specific types of music making were increasingly associated with politeness and gentility. The formation of the empire was thus an unorganized process based on piecemeal acquisition, sometimes with the British government being the least willing partner in the enterprise.

After Tamerlane: The Global History of Empire since 1405

There was a great deal of amateur composition and performance. An introduction to the rise and fall of the British Empire A new addition to Penguin? Drayton Instruments, Surveys and Maritime Empire; S. .
