## The Arctic This Week Take Five: Week of May 31, 2021

It was actually quite comical for the girl to be yanking the burly boys across.

## The Arctic This Week Take Five: Week of May 31, 2021

Such was the case on the Moon, by the way.

## 2017 Aerial Surveys of Arctic Marine Mammals

But you can only go as fast as your slowest member, so our core aim always remained to spread the loads and tasks in such a way that we could travel as fast as possible and still at the end of the day all be as equally knackered. Although the Biden administration is adamant about protection of ANWR, it understands these realities and also, just west of ANWR, earlier this week. Plans are to strike out first thing on Tuesday morning, but the wind is still blowing 15-25kt from the northeast with 3-6ft seas.

## The Catlin Arctic Survey. Polar Explorer, Ann Daniels recounts her experiences of polar expeditions

The Slave Geological Province is an area in eastern N. Handbook of the Politics of the Arctic Edward Elgar Publishing, 2015.

## Seismic Trails

Press reports often confuse the facts and assert that extended continental shelf claims expand a state's EEZ thereby giving a state exclusive rights to resources not only on the sea bottom or below it, but also to those in the water column above it. There is just enough space for two people to sit, or lean back against the emergency suits. The coxswain generally grabs a bite to eat while we are working a station. The submission also states that an additional submission for continental shelf limits in other areas may be posted later.

## Canada invests \$5.1M on Arctic mine access road, aerial surveys

Unlike the Russian claim which is generally limited to the Russia sector of the Arctic, the Danish Claim extends across the North Pole and into

Russia's sector.

#### **Arctic Estuaries Survey 2015: Blog #5**

Some samples have to be kept frozen, others cannot be allowed to freeze.

And well-fed mama bowhead whales are more likely to successfully produce healthy and, yes, adorable calves! Related stories from around the North: Canada: , survey says, CBC News Finland: , Yle News Norway: , The Independent Barents Observer Russia: , The Independent Barents Observer Sweden: , The Independent Barents Observer United States: , Alaska Public Media Note: By submitting your comments, you acknowledge that Radio Canada International has the right to reproduce, broadcast and publicize those comments or any part thereof in any manner whatsoever. Much more will come into view as we go north around Pt Barrow and up on the water column sampling transects of the other science party aboard. As Arctic ice caps and permafrost melts, previously contained radioactive material is released and distributed through meltwater.
