**Language Development in Multilingual Children**

Paper presented at , Honolulu, HI.

### Selected Bibliography of Barbara Zurer Pearson, Ph.D.

Journal of Policy Studies, 44, 53-84.

### Investigating Children's Narrative Abilities in a Chinese and Multilingual Context: Cantonese, Mandarin, Kam and Urdu Adaptations of the Multilingual Assessment Instrument for Narratives (MAIN)

However, when considering age, it was demonstrated that bilinguals were able to acquire accuracy of utilizing past tense verbs such as monolinguals but do so when they are older. In this volume, the results of a number of empirical studies of the development of narrative construction within a multilingual context are presented and discussed.

### Investigating Children's Narrative Abilities in a Chinese and Multilingual Context: Cantonese, Mandarin, Kam and Urdu Adaptations of the Multilingual Assessment Instrument for Narratives (MAIN)

Invited lecture at the Department of Psychology, the Faculty of Letters, Kobe University, Kobe, Japan.
