## Rustad's Global Internet Law in a Nutshell, 4th

Its ambition is to provide a concise introduction to the key substantive and procedural standards of international investment protection. In addition to discussing accounting and valuation concepts, it provides extensive coverage of the legal and financial underpinnings of debt securities, preferred and common stock, and derivative instruments options, forward contracts, futures contracts and swap contracts.

## Law in a by Martin J. Adelman, Randall R. Rader et al.

This includes shipments that do not use a BarristerBooks UPS pre-paid shipping label. Also includes coverage of community option states Alaska and Tennessee.

## Canadian Tort Law in a Nutshell, Fifth Edition

Required Condition - No Damage Fee: The item has a firm cover with no noticeable damage.

## Florida Constitutional Law in a Nutshell

Internet-related issues for jurisdiction, contracts, consumer protection, torts, privacy, cybercrimes, content regulation, and each branch of intellectual property law are summarized.

## Law in a by Martin J. Adelman, Randall R. Rader et al.

Written by the author of the landmark Zubulake opinions and the Sedona Conference, which is at the forefront of thinking and writing on electronic discovery. The book and its appendices also feature useful checklists for risk analysis, due diligence, concession and loan agreement terms, credit support, methods of evaluating source of finance, tax and accounting issues, and sources of additional reference material on project finance.
