Dans toutes les provinces, le pourcentage des veuves a depasse' celui des veufs, plus particulierement en Colombie-Britannique ou 11. An unincorporated community is one general term for a geographic area having a common social identity without benefit of municipal organization or official political designation i. Since a considerable proportion of emi- grants are Canadian-born persons, it would appear that a high percentage of recent immigrants have remained in Canada.

## Dictionary, Census of Population, 2016

Each census tract is assigned a seven-character numeric 'name' including leading zeros, the decimal point and trailing zeros. An outline of the growth of population in Canada since the beginning of the 17th century is given in Chapter 1, Volume 1, 1931 Census.

## Dictionary, Census of Population, 2016

The settlement was later moved upstream and to the south bank of the Annapolis River, keeping the name and becoming the capital of.
