I don't know if that was the part of the book that frustrated me the most, or if it was Stapiński's declaration that finding out that great-great-grandmother Vita wasn't really a murderer relieved her of her fears that her children might have inherited unusually violent genetic tendencies. The FamilySearch Center does have the civil records for military personnel, including any relocations, plus census and estate records, but it has no Catholic Church records, including cemetery records.

European Ancestors

Stapiński had to dig down into the archives of various towns in the region in order to find out what happened--with her great-great-great grandmother, grandfather, the padrone of the region, the children, etc. In

Rudolph was probably burned in one way or another almost daily.

The Meaning and Meaninglessness of Genealogy

You might be wondering how or why this came up.

Gregor Mendel

In 1675, Margretha was likely in her early to mid-40s. Another Italian usage, whose origin is similar to the medieval toponym, is the territorial designation or predicato.

The Meaning and Meaninglessness of Genealogy

The far rarer metronymys or matronymys were usually given to the children of unwed mothers, for example Di Maria of Mary, a surname sometimes given to foundlings , D'Anna or D'Alessandra.
