## Poverty in Canada

The conciliatory approach of Murray in dealing with the demands of the Canadians was not well received by the merchants. These circumstances and others lead to blocked progress and further decline. British Columbia does not record high rates of poverty because of large rates unemployment, but it has more to do with the insufficient wages that many British Columbians receive.

## Senate of Canada

Honourable senators, we know that such a prorogation did occur.

## Committees Reports

He officially recommended to retain French civil law and to dispense the Canadians from taking the. Not only do Aboriginal people constitute a significant percentage of urban populations, especially in the western provinces, but on the whole they have higher rates of joblessness, less formal education, more contact with the justice system, and are in poorer health than their non-Aboriginal counterparts. The President had worked with the sharia courts to select women nominees as there were several vacancies for judges in those courts.

## WOMEN'S ANTI

Once I learned the truth, it opened up a whole bunch of doors for me. In Penniman, Howard Rae ed.
