Seventeenth century Chinese porcelain, section 188 of the Law of Property Act 1925, and the family lawyer

. . Blue and white porcelain had already become more fashionable than celadon in the 15th century, and the Portuguese arrived at the beginning of the 16th century.

Book lists

Although officially a colonial arm of Spain, Mexico became one of the engines of the early modern world economy—increasingly without Spanish financial and military assistance. Dates are occasionally given in western numerals in the captions. The current example displays the strong characteristics distinctive of brush pots produced during the Chongzhen period, such as the incised borders above and below the painting, the very slightly waisted sides and the recessed unglazed base with concentric lines.
