### reclamation costs definition

Paragraph a of this section was rewritten and is now a new paragraph g which discusses when legal action under part 423 of this chapter may apply.

### Reclamation Bonds

FOOTHILLS shall own all governmental licenses, permits, and approvals. Comment: The 30-day appeal period should commence on the date of receipt of decision.

### The Torrent's Reclamation

Response: Weed control programs are managed at the local or regional office level. Reclamation owns and operates public utility facilities which, if located in other parts of the country, would likely be owned, operated, and funded by publicly regulated private corporations or local government agencies.

### New Guidelines for Closure and Reclamation Cost Estimates for Mines

These materials are provided for noncommercial, personal use only. Mine operators see both the security and the additional regulatory burden as an increased cost of doing business.

### Reclamation Bonds

What definitions are used in this part? All forms used by a Federal agency which collect information from 10 or more individuals or entities on an annual basis must be approved by OMB and renewed by them on a 3-year basis. Hong Kong is no stranger to land reclamation with the first project undertaken by the British colonial authorities in 1851.

### land reclamation

The purpose of is to promote the efficient and economical use of America's real property assets. For complete information about, and access to, our official publications and services, go to on NARA's archives.

### **land reclamation**

We made no changes to this section as compared to the previously proposed rule. For these reasons, a conservative contingency may be added to the regulator? If you happen to live in a coastal megacity with high climate vulnerability, you probably have seen or have experienced its risks, threats, and effects.

### **Reclamation**

This final rule addresses activities involving the possession or occupancy of any portion of, and the extraction or disturbance of any natural resources from, Reclamation land, facilities, and waterbodies.
