## Frontiers

No use, distribution or reproduction is permitted which does not comply with these terms.

### Getting Parents Involved in Schools

Computer games are interactive, but they aren't responsive to a child's ideas. Telegraphic speech, at around 18-22 months, is the development of two-word phrases. This is very helpful important information.

### Role of Parents in the Language Development of Their Children

If families don't have reliable access to the Internet, e-mail won't work. Make language and words a natural part of her life.

### Role of Parents in the Language Development of Their Children

The teachers reported in this study that students whose parents are actively involved in their academic activities are more likely to participate in the class than those students whose parents are not actively involved with their children. All subjects gave written informed consent in accordance with the Declaration of Helsinki.

### Effects of Parental Literacy Involvement and Child Reading by Crystal Jayne Carroll

Westview Press, 5500 Central Avenue, Boulder, CO 80301. In this study review, four groups of children were studied. School, family, and community partnerships: Your handbook for action 2nd ed.

### Family ties: how to get parents involved in children's learning

Descriptive statistical analysis and Chi-square test of association is applied to test the association between different variables of interest. In fact, in many communities, communication via e-mail has become commonplace Zisow, 2002.

### **Parental Involvement in Deaf Children's Education Programs as a Predictor of Child's Language, Early Reading, and Social**

Parental involvement benefits children, parents, as well as the community, at different levels. The children of single mothers are more likely to have other risk factors for language difficulties, such as living in poverty.
