## Marine park for Antarctica relies on EU engaging China: law expert

The EU and Australia jointly proposed a new East Antarctic Marine Protected Area MPA in 2012, but for the past nine years have failed to secure crucial votes from China and Russia.

## Marine park for Antarctica relies on EU engaging China: law expert

It is a bumpy road with all sorties of difficulties. Your support is greatly appreciated.

## Marine park for Antarctica relies on EU engaging China: law expert

US-China relations are now slowly bouncing back, especially in fields of common concerns like climate change.

## Marine park for Antarctica relies on EU engaging China: law expert

According to independent assessment, about 98% of the media sector is held by three conglomerates. We endeavour to provide the community with real-time access to true unfiltered news firsthand from primary sources.

## Marine park for Antarctica relies on EU engaging China: law expert

. He hopes to encourage the EU to make full use of rising international momentum to support MPAs and the diplomatic opportunities opening this year to achieve an agreement.

## Marine park for Antarctica relies on EU engaging China: law expert

Growth in commercial krill fishing, increasing tourism numbers and warming and acidifying waters all threaten the marine life and their habitats in the

ocean around Antarctica. You and we have the right to know, learn, read, hear what and how we deem appropriate. Under threat: The East Antarctic Marine Protection Area would protect around one million square kilometres across three zones critical for habitat and foraging for wildlife, including fur seals.

All donations are kept completely private and confidential. MPAs need to be approved by consensus between 25 nations plus the European Union who make up the Commission for the Conservation of Antarctic Marine Living Resources CCAMLR. The proposed MPA provides scientific reference zones to help research the impacts of climate change on these ecosystems and the effects of fishing outside the MPAs.
