When the head researcher made his rounds he asked the first assistant how the monkey was doing. It is the same as step three but this time you have another ball. Repeat on the other side, and you have the basic mechanics down.

## How to Juggle : 5 Steps

In the past, compressed rubber balls were low quality and jugglers preferred silicone balls; but now with modern manufacturing, this type of ball is nearly equal in performance to the silicone ball at a much lower cost. There are several other branches of juggling, such as two handsticks with string between them, and hourglass shaped 'diabolo' spinning between them, Devilsticks two handsticks, and a longer stick you keep balanced on them, and , which involves keeping one ball in contact with you at all times while rolling it around your body. Practice tossing 1 ball back and forth between your hands.
