Waterville Schools Job Opportunities

The U of I's teaching degree is accredited by the National Council for the Accreditation of Teacher Education.

Best Colleges for a Bachelor's in Teaching in 2021

All candidates spend at least one full semester teaching under the supervision of an experienced educator. Content courses cover topics in social studies, math, science, and reading. During senior year, all students participate in a year-long teaching placement that builds professional experience and applies program learning to real-life education practice.

Full Course of Study

Your DSO can verify that your class schedule for this academic term meets the requirements to maintain your status.

Standard Course of Study

Students can choose from content concentrations in English, math, science, social studies, and ESL. Check fire alarm systems, emergency lighting systems, and mechanical systems.
