Education during the Renaissance was mainly composed of ancient literature and history as it was thought that the classics provided moral instruction and an intensive understanding of human behavior. Humanism and libraries A unique characteristic of some Renaissance libraries is that they were open to the public.

Likewise, the position of Italian cities such as Venice as great trading centres made them intellectual crossroads.

Renaissance

В това време центърът на влияние на италианското изкуство се премества от Флоренция в Рим, благодарение на качването на папския престол на — човек честолюбив, смел и предприемчив, който привлича към двора си най-добрите художници на Италия, които се заемат с многообразни и важни проекти и дава пример за любов към художественото изкуство. The Italians, with their advanced technology, may have influenced the invention of the stone tented roof the wooden tents were known in Russia and Europe long before.
