French in Action: A Beginning Course in Language and Culture by Pierre J. Capretz

Plus, I grab up good copies of the textbook when available, as I plan to teach low-income students this beautiful language, as it pays to be bilingual these days! Steven Sykes in a great review covered virtually everything I could hope to say about this textbook, so I'll just add a few comments. If you can get over the little things that date the program euros, not francs anymore! Don't expect a standard presentation, because the material isn't handled anything like standard French textbooks.

French in Action: A Beginning Course in Language and Culture: The Capretz ...

Self-study students might be tempted to eliminate the conversational and writing exercises, but doing so would be a mistake. I did it as a two year course with Open Learning in Australia, through the University of New England, and was sorry when it ended.

French in Action

May show signs of minor shelf wear and contain limited notes and highlighting. As for the method of delivery--it's fun! The reading side has been strengthened in the second edition, but to get to be a fluent reader you will need extra reading outside the course. Younger students will probably like the fact that after the first several lessons, they will have learned at least a dozen ways to insult their friends.

French in Action: A Beginning Course in... book by Pierre J. Capretz

Meta language learning, or learning about a language instead of learning a language itself, may be o Yale University Prof
