Vicious sandstorms raised temperatures to 130 degrees. In more modern times it is typically seen as dubious and unscientific for its apparent use of Darwin's ideas to justify the position of the rich and powerful, or dominant ethnic groups. In many instances, the guns were used tactically in an area-denial role, sometimes being fired randomly into the jungle to encourage the idea that nowhere was safe for the insurgents.

Incidentally, the US 155mm WWI version was also considered too short ranged - pretty much the same as the 6-in - and the only reason they seem to have got it at all was due to a shortage of 6-in ammo. A very clean very tight copy with bright unmarked boards and no bumping to corners. The second version changed the story to have the Martians landing in the area near and around , and was published by the in 1898, which Wells protested against.
