German resistance to Nazism

She graduated high school in the spring of 1940 and started an apprenticeship to become a kindergarten teacher.

Sophie Scholl and the White Rose

In late 1939 and early 1940 he opposed Hitler's plans to attack France, and kept in touch with the opposition through General , an active oppositionist. Hitler recognized the power of collective action, advocated non-compliance toward unworthy authority e.

German Resistance to the Nazi State

It was also close—in some cases, just over three miles away from the Danish coast. They refused to serve in the German army and, as concentration camp prisoners, organized illegal study groups. The Army and civilian plotters became more convinced than ever that Hitler must be assassinated so that a government acceptable to the western Allies could be formed and a separate peace negotiated in time to prevent a Soviet invasion of Germany.

Non

The Communist Party KDP still encouraged workers to resist Nazi rule, and formed small underground secret trade unions. Yet it seems that not a single one was betrayed by a comrade-in-arms to the Gestapo. After the Oldenburg , police reported that Catholic activists told each other they could defeat future anti-Catholic actions of the state as long as they posed a united front.
