Any mistakes you make during the design phase will cost you nothing. In addition to standard construction criteria, there are electrical, mechanical, plumbing and fire codes that will need to be met. To process with all documentation and receive the local authority renovation approval is always the biggest issue.

### **How to Read Architect's Drawings (with Pictures)**

Some services, like site inspections and revisions, should be part of your contract.

### **Certificates of Occupancy**

Sketch out a rough floor plan.
