### Biocatalysis

Radical scavengers can alleviate this issue, but eventually, physical separation of the enzymes from the ionizing radiation will be necessary to achieve robust reaction schemes. French, Tom Nebl, Greg Coia, Andrew C.

### Biocatalysis

Three dimensional structure of an enzyme. However, also the highly H<sub>2</sub>O<sub>2</sub>-stable, V-dependent chloroperoxidase from *Curvularia inaequalis* CIVCPO was inactivated under these conditions vide infra.
