**E. N. Williams THE ANCIEN REGIME IN EUROPE 1st Edition Government Society States**

England may in theory have been a Confessional State, that is, a state with a single confession of faith, a faith established by the law and to which the majority of the population was expected to conform, but it is not clear that the English people were docile and deferential to their clerical superiors.

**9780712659345**

The nature of male and female monasticism differed greatly in France both before and during the revolution.

**France**

He and Cardinal Fleury agreed, and signed an alliance.

Another theme was the complete dissociation between French social classes, called the Estates, of which there were three — the clergy, the nobility, and the common people. The conseils souverains were regional parliaments in recently conquered lands. Some American diplomats, like and , had lived in where they consorted freely with members of the French intellectual class.
