## India reports 41,649 new covid cases, Kerala biggest contributor

The number of active cases has gone up to 4,08,920. When the second wave of the Covid-19 infection was at its peak, the overall R-value in the country was estimated to be 1. © 2021 KPMG Assurance and Consulting Services LLP, an Indian Limited Liability Partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

## India Insights

It claimed that in the more likely scenario, India's Covid-related deaths could be up to 1. Modi, who was chief minister of Gujarat at the time, has been accused of not doing enough to stop the killing because he is leader of the Hindu nationalist Bharatiya Janata Party and the violence was perpetrated by Hindus against Muslims.

## Yahoo is now a part of Verizon Media

Last year, there were many reports which suggested that China, where the virus first originated, had hidden its actual.

## NYT report on India's Covid toll false, based on distorted estimates: Govt

The number of people who have recuperated from the disease stood at 3,07,81,263. Top 5 states With 20,772 cases, Kerala was the biggest contributor, followed by Maharashtra with 6,600 cases, Andhra Pradesh with 2,068 cases, Tamil Nadu with 1,947 cases and Karnataka with 1,890 cases. Not only was McCorkle uninterested, but she was also puzzled as to why anyone would feel otherwise.

## By 2050, India to have world's largest populations of Hindus and Muslims

You can change your choices at any time by visiting. India's R-value climbing The R-factor, which indicates the speed at which Covid-19 infection is spreading in the country, is climbing steadily with Kerala and the northeastern states occupying the top spots, fuelling worries about the pandemic

rearing its head again. For more detail about the structure of the KPMG global organization please visit.

**By 2050, India to have world's largest populations of Hindus and Muslims**

But India also is expected have 311 million Muslims in 2050 11% of the global total , making it the country with the largest population of Muslims in the world.
