Aldus FreeHand 3.0

One year later on May 15, 2007, Adobe said that it would discontinue development and updates to the program and the company would provide tools and support to ease the transition to Illustrator. Fear about the end of competition between these two leading applications was reported in the media and expressed by customers Illustrator versus FreeHand and versus.

Serial Numbers

This year's draw programs have become amazingly adept at text handling, and Designer is no exception. We will do whatever it takes to see it survive. At this point, three of the main programmers left the company.
