## Clarembaud d'Arras

Paperback This volume contains the first modern commentary to Boethius's last logical monograph entitled 'De topicis differentiis', his most original work written around 522 A. Matter, although caused by God, existed from all eternity.

## Commentaries Boethius

A short treatise, *De dialectica*, was also attributed to Augustine in the Middle Ages; and most scholars now accept its authenticity. However, the extra-logical aspects of the *Categories* and the *De interpretatione* were too intrinsic to these works to be ignored; and the result was the growth of a body of philosophical discussion and commentary within the Neoplatonic logical tradition, only vaguely related to Neoplatonic metaphysics, and sometimes seemingly antithetical to its principles.
