### Grunfeld Defense

Kxfl Statistics In 373 games, White has scored 52%, while 42% of all the games have been drawn with this opening. There are many boring symmetrical variations, but there are also many more active ones. Grunfeld Classical Exchange Mainlines The Classical Exchange Variation is one of the three main systems for White in the Grunfeld the two others being the Modern Exchange Variation and the Russian System.

### Grunfeld Defense

If White avoids that trade with some sideline, this Knight could also go to b6 after the common advance e4.

### Gruenfeld Defence

. Nc3 it is also possible to play 3...d5!? After some eventual d5, this Knight can go either to a5 or e5 depending on the position.

#### ▷ Grünfeld Defense

It helps you think faster, reassess, and adapt your strategy to what is actually happening. Here I recommend 17...Rc8 as the best defense for Black. .

### Opening Repertoire: The Grünfeld Defence

Bg5 In this line, favoured by , after the nearly universal 5. Moving your knight three times, giving white that big pawn center before you've even developed a single piece. Clearly, and as we mentioned before, White has much better control in the center and more space.
