## Spengler, Epigenetics and the Idea of 'Race'

Many people asked Spengler why he did not think Hitler was the right man: see SL pp.

## The Decline of the West

The definitive edition of both volumes was published in 1923. Despite its repudiation of this basic National Socialist allegation, the RjF, like the Naumannites, hoped for an accommodation with the Hitler regime for German Jews.

## Letters of Oswald Spengler: 1913

The authorities however banned the book. Zionists had not made significant inroads, and while German-Jewish nationalist organizations such as those of Naumann remained small, they maintained a challenge to the mainstream Jewish organizations. Unfortunately, a lot of letters never made the book as they were destroyed or disappeared long before the books publishing.

## German Nationalist Jews During the Weimar and Early Third Reich Eras

As a general guideline, all contributors should imagine that they are speaking their minds aloud in a public space, unhindered by political correctness but bound to the older standards of honour and decency in speech. The German military defeat and its revolutionary aftermath exacerbated this sense of crisis and added to the list of perceived symptoms. A real statesman like Bismarck would never have engaged all his opponents simultaneously - in addition to ignoring potential allies.
