## Water shortages in U.S. West likelier than previously thought

Residents of other states should take a lesson from California, Chou said. They were the first people from around 13,000 years ago.

## Don't let the rain fool you: A water shortage is coming to the Northwest

Among the important lessons learned from the COVID pandemic is that we need to be ever vigilant in monitoring for big emerging threats. Helping Our Community Prepare for Water Shortages With drought and emergency situations continuously a threat to our water supply, Western Municipal Water District has had a Water Supply Shortage Contingency Plan in place since 2009 to strategically reduce water consumption in severe circumstances. Meat and dairy are the most water intensive ways to get your food.

## AP fact check: Romney oversimplifies Western water shortage

We Are Running Out of Water The United States is currently experiencing a water crisis that spans several states. Santa Fe conducted forest thinning and controlled burning projects to prevent forest fires that could contaminate reservoirs.

## Western Slope needs to suspend irrigation to replenish Lake Powell

How Can You Help Conserve Water? The Nooksack River winds its way from the glaciers on Mount Baker to Bellingham Bay in northwest Washington. But the water is our common ground.
