Thai ceramics

Sawankhalok products tend to be more finely made than the Sukhothai ones. It was then that Sukhothai was established, along with a large ceramic production centre, in north central Thailand. Ceramics based on these styles are still made at present and widely exported, particularly to the Philippines and Indonesia.

Transforming Value of Vernacular Artifacts into Modern Utensils: A Case of Sukhothai Tableware

Many of the designs include parts from animal and have a dark brown glaze finish.

Ceramics in Southeast Asia

Please refer to the enlargement photos for more details. This amount includes applicable customs duties, taxes, brokerage and other fees. Design features of utensils transformed from tradition-style needed to be functionally altered to meet the need of modern lifestyle yet still maintaining their traditional value.

Major Publications of Roxanna M Brown

The outside wall is slipped and glazed, and with 2 iron-black decorative bands. The carved foot shows a bright brown biscuit containing whitish particles.

Unfortunately, because of the vast differences in quality of the artefacts found, they could not be dated.

ອມກ່ອຍ ດິນແດນດັ່ງເດີມຂອງຂາວເຂາໂນຮາມທີ່ຖືກລົງລົມຈາກສິຫຼິຂັ້ນພື້ນຮູນ

Unlike Ban Chiang, Ban Kao's wares were thinner and had a glossy surface finish. However, very little is known of the origin of these pieces, some of which were found at the Tak Om Koi burial site as well as on the Pandanan shipwreck.
