Aaron T. Beck Papers

In this developing world, recycling is essentially driven by economic necessity, with the associated environmental benefits it is being a useful and positive by-product. Potential impacts of CO₂-induced climate change on hydro-electric generation potential in the James Bay territory of Québec.

World Fibre Production

He tackled the herculean challenges of poor animal production, morbidity, diminution of digestive process, reduced egg production, alopecia and reproductive problems in monogastric animals through improved feeding practices, phase feeding, penning, grouping and optimum energy and protein intakes by age, sex and size.
