## History of Hammersmith Bridge, London — Fulham Society

West London along the River Thames c. The site was later used for the construction of the Kings Mall Shopping Centre and the which had from Bradmore Grove reconstructed inside its 1970s shell. In 1992 the Theatre was renamed the Apollo, Hammersmith and was operated by Clear Channel, who reinstated the original Compton Organ, which had been in storage for a number of years.

## Hammersmith

Then they were paid according to their positions and piece work if they remained as employees. Furnishings in the auditorium are dominated by the deep green of the chairs, which are of a uniform shade throughout. On 26 April 1996, the Provisional IRA attempted to destroy the bridge after installing two large Semtex devices on the south bank of the Thames.

## Hammersmith and Fulham

Nothing like having two places of amusement close together. Nearer to the river, the good soil enabled farmers to grow soft fruits such as gooseberries, red currants, raspberries and strawberries which were taken by boat or carried in panniers made by osiers from riverside willows to sell at Covent Garden market. David Farr invited many companies to collaborate with the Lyric including Vesturport, Kneehigh, Filter, Frantic Assembly, Gecko, Vanishing Point, and individuals like Lemn Sissay, Mark Ravenhill, Sophie Woolley and Lisa Hammond.

## Public Houses, Inns & Taverns of Hammersmith, London

The decorations are carried out in a harmony of cream and gold, and the side walls are embellished with a very bold design in connection with the chaste illustration that enriches the ceiling, the beauty of the colour scheme being heightened by pictures and painted panels. Major industrial sites included the lamp factory at , the factory which at one time employed 30,000 people.

## Hammersmith Town Hall

The Theatre was designed by the well known Theatre Architect , and opened as the Gaumont Palace on the 28th of March 1932. Above - The Ceiling of the Lyric, Hammersmith during the run of the Pantomime 'Jack and the Beanstalk' in December 2017.

## **Background info**

The bridge re-opened in July 1998 to all road users subject to a 7. The handsome windows are provided with ornamented leaded lights. Eight boatmen brought raw ore up the Saugus to the ironworks in shallop, flat bottom boats, during high tide.

## **Theatres and Halls in Hammersmith, London**

Its population is around 150,000. There was another guest house on the farm built to resemble a windmill.
