Carte-de-visite of women and children in a cotton field, c.

## BARGING ROUND BRITAIN EXPLORING THE HISTORY OF OUR NATIONS CANALS AND WATERWAYS

History helps us develop a better understanding of the world. Explore the possibilities today and step into a whole new world that will change who you are forever.

### Why It's Important That We Study History

With the decline of the political power and wealth of the Catholic Church, a few rulers gradually solidified their power. For example, it is known that the explorer, 950—1003 , sailed to and settled in after being expelled from , while his son, the explorer 980—1020 , reached and the nearby North American coast, and is believed to be the first to land in. History tells you the story of how your nation, city, or community came to be everything that it is.

## BARGING ROUND BRITAIN EXPLORING THE HISTORY OF OUR NATIONS CANALS AND WATERWAYS

The wealth gap had also increased substantially, with the median white family having ten times more wealth than the median black family. Explorers of Australia included 1570—1630 , who made the first recorded European landing in Australia; , who discovered and reached eastern and northern ; 1565—1613 , who discovered the between and ; 1603—1659 , who explored North Australia, discovered , and. For a discussion of the society that engaged in these explorations, and their effects on intra-European affairs, see.

### First Nations

John II of Portugal, however, believed Columbus had discovered islands in the Atlantic already claimed by Portugal and took the matter to Pope Alexander II. . That idea had two parts: one paradisiacal and utopian, the other savage and dangerous.

### The History of Racism in America

This included 1474—1521 , who discovered and mapped the coast of ; c. History gives us the opportunity to learn from past mistakes.

### **Why It's Important That We Study History**

Brazzà, a Life for Africa. But the Spanish soon pushed the French out of Florida, and thereafter, the French directed their efforts north and west. His school developed the quadrant, the cross-staff and the compass, made advances in cartography, and designed and built highly maneuverable little ships known as caravels.

### **BARGING ROUND BRITAIN EXPLORING THE HISTORY OF OUR NATIONS CANALS AND WATERWAYS**

It goes without saying that change can be a difficult concept to understand.
