

Voices in the silence

Orion - US and Europe battle over power to silence voices on social network service

We cannot silence the voices that we do not like hearing. We can, however, do everything in our power to make certain that other voices are heard.

We have a long and complex road ahead to put America back on track, an internal restructuring of the Republican Party as well as an outside effort. Godfroid, reporting for Al Jazeera, said there was a heavy security presence at the airport, as well as a number of prison vans, and that police had cleared people without tickets to travel from the airport terminal.

As Big Tech muffles conservative voices, dystopian novel '1984' is top

The trouble very often is that those in control seek to avoid responsibility. The left has weaponized effectively the optics of rioters regardless of their political or group affiliation and are attempting to use it to paint 75 million Americans as radicals. Republican Party must finally learn to fight.
