Disability

Feeble-minded used to mean mild MR in the UK, and once applied in the US to the whole field. Edition CCC-2 is quite useful.

Disability

Use Vivid Language After appropriateness, the second main guideline for using language is to use vivid language. This offers a useful media guide on use of appropriate terms.

Intellectual disability

The noun retard is particularly seen as pejorative; a survey in 2003 ranked it as the most offensive disability-related word, ahead of terms such as

or its abbreviation spaz and.
