### Psychiatric Presentations of Medical Illness

Would a symptom or system approach best serve the reader? It is designed for the student of medicine who desires a broader understanding of those medical illnesses that produce psychiatric aberration. When my colleagues and I began the task of assembling this volume, several difficult questions arose: For whom were we writing? The text is intended to strike a useful balance between medicine and psychiatry by providing a list of differentials for specific symptoms or conditions, as well as suggestions for medical evaluation. Would a symptom or system approach best serve the reader? We hope it will be of assistance to the medical student or house officer studying medicine, neurology, family practice, pediatrics, or psychiatry; as well as to the practicing clinician who wishes a refresher on this subject or a reference for his library.

### Psychiatric Presentations of Medical Illness

Was the purpose to elucidate psychiatric or medical presentation? References have been chosen which we hope will assist the reader in further study. Should the volume cover a few areas in detail, or attempt to survey a larger area of knowledge? The text is intended to strike a useful balance between medicine and psychiatry by providing a list of differentials for specific symptoms or conditions, as well as suggestions for medical evaluation.
