All books are in very good to like-new condition in hardcover, unless otherwise noted. Sidney Allen's *Vox Graeca* is the most authoritative book in the field, which includes information about how the original Greek of the New Testament was pronounced. The result is a balance between the evidence of the historical Greek sounds in Koine and pre-Koine times, and the political events that derailed those sounds as they were being transported through Europe's Renaissance academia and replaced them with Erasmian.
