## Course Search

NOTE: Students may receive credit for SCI 124 or REE 124, but not for both. Students use safe and intelligent movement.

## Mathematical logic

NOTE: Students may receive credit for only one of the following: EVS 152, HEC 152 or AGR 109. Assignments include the simulation of micro- and nano-mechanics problems by using existing finite element software and molecular dynamics packages.

## Resourceaholic: Algebra

The course introduces the nursing process as a holistic, problem solving approach to studying physiological and psychosocial adaptations common to many health problems experienced across the lifespan.

## Architecture of Computer System

Utopianism; the Revolutionary Era; the development of national consciousness; consensus and conflicts; constitutionalism; the roots of American foreign policy; race relations; slavery and war.

## Architecture of Computer System

Applications to the design and control of dynamic systems such as robots, machine tools, and artificial limbs. Offered: Every Fall, Every Spring  
Prereq: ENG 101 or concurrent enrollment in ENG 101 ASL 101 Elementary American Sign Language I — 4 credits Presents basic grammatical rules in the use of American Sign Language. The use of ad blockers is against our terms of use.

## Function machines

**Semi-finishing** This process begins with a roughed part that unevenly approximates the model and cuts to within a fixed offset distance from the model. The course examines how music technology, commercialism, and cultural diversity have influenced the development of musical styles and practices unique to American life. Offered: Every Fall Prereq: MAT 095 MAT 105 or MAT 095S, ENG 090, and ENG 094 or satisfactory placement.

## **Course Search**

Students study topics that include linear equations and systems of equations, methods for solving problems, radicals and radical equations, quadratic equations and the quadratic formula, rational exponents and rational expressions. Course readings include selections from a wide variety of authors, genres and texts that engage students in analysis and research. The Bachelor of Science degree in mechanical engineering is accredited by the Engineering Accreditation Commission of ABET,.

## **Department of Mechanical Engineering < The University of Kansas**

Offered: Every Fall, Every Spring Prereq: DAN 116, or permission of instructor ESL 117 English Sounds and Spelling — 3 credits Provides practice for non-native speakers in American English pronunciation as it relates to basic patterns of spelling.
