Starting to really bug me hence minus a star.

## Echoes from the Bell Tower

It's not because it's not memorable but because I have read at least 7 books more after this and you have to understand, my memory in the first place is not that good. This book followed the Wright pack book formula to a certain extent. At the end of the book Brodie McFadden also decides to join the Krewe of Hunters and convinces Kody McCoy to have two bases, one in Virginia with him and one in Key West, FL to visit as needed and take care of her museum.
