A Sailor's Life Lyrics

Tea and coffee could be obtained from blockade runners, but at a great cost. The military is gonna need replacements. Now, that 128-pound package puts that.

The Sailor's Life

Serious offenses were dealt with by the captain, with the very worst going to court-martial in which a man would be tried by a group of officers.

Life aboard WWII submarines was brutal

HF radars actually operate on low frequencies relative to the VHF, UHF, L, S, C, X and Ku bands, which are more typically used by military radars. After breakfast the dishes were cleaned and returned to the mess chest.

A Sailor's Life: In World War II by Z. W. Kowalewski, Paperback

These ships were also much smaller than a steam frigate or some of the merchant vessels converted to warships. For comparison, a lieutenant of a first-rate ship of the line made £8. Real World War II galley attire: T-shirt and apron over dungarees.

A Sailor's Life For Me

On all coal-burning vessels it was a constant problem to keep the ship and the guns clean. Can they defeat American missile defenses? Here are a few options: The M50 Ontos was a marginal tank killer but was devastating against infantry.
