## Philosophy of History: Summary

Spirit is dialectical, self-overcoming, as one stage of its existence resists its antithesis as for example paganism resisted Christianity , with both eventually synthesizing into a new stage. What counts is the common will.

## The Philosophy of History: An Introduction: Mark Day: Continuum

Further reading and study questions Chapter Three: Reasoning from the evidence1. The Corners of the Triangle.

## Philosophy of History: An Introduction by William Henry Walsh

The Spirit, devouring its worldly envelope, not only passes into another envelope, not only arises rejuvenated from the ashes of its embodiment, but it emerges from them exalted, transfigured, a purer Spirit . Subjects examined include: the centrality of historical language; objections to historical truth and realism; the relationship between the philosophy of history and the philosophy of science; historical interpretation and narrative; philosophical accounts of historical reasoning from the evidence.

## Philosophy of History: An Introduction by William Henry Walsh

Give yourself the time to digest it slowly; one wants to linger over the beauty of certain passages, or just lay the book aside and recline in wonder and admiration over his beautiful dream. Purposes, principles, and the like, are at first in our thoughts, our inner intention.

## Mark Day, The Philosophy of History: An Introduction

It is the holy bond that ties the men, the spirits together. It is striking to everyone who becomes acquainted with the treasures of Indian literature that that country, so rich in spiritual products of greatest profundity, has no history. I've read a lot more secondary sources on Hegel since I last attempted reading one of his books, and they've made it a lot easier to follow his logic.
