## World War I as Fulfillment: Power and the Intellectuals

Although some women felt that their appliances were making them lazy and causing them to complain about minor inconveniences, they also overlooked the fact that this process of the normalization of luxury occurred throughout the past. For a revisionist view of the impact of the closure of Storyville on the history of jazz, see Tom Bethell, George Lewis: A Jazzman from New Orleans Berkeley: University of California Press, 1977 , pp.

## History Timeline

If widowed, farm women often found themselves operating the farms they had previously shared with their husbands. Class Schedule Week 1 Jan.

## HST296E

There is also much of interest here for environmental historians. Davis, The World Between the Wars, 1919—39, An Economist's View Baltimore: Johns Hopkins University Press, 1975 , p.

## hoosiers Archives

Have no fear, we are currently in the process of migrating our VHS to DVD and digital format. My final move was to return to Indiana to the great city of Indianapolis.

## World War I as Fulfillment: Power and the Intellectuals

Farms where women continued to pursue productive activities tended to be more prosperous than others and more likely to enjoy continuity of ownership.
